Giving Shape to Ideas

TOMORROW'S WORKPLACE TODAY

INTRODUCING THE bizhub i-SERIES FROM KONICA MINOLTA

Born from our desire to rethink the role of multifunctional devices in business, our next generation technology sits at the heart of your connected environment. Simply and securely bringing together people, places and devices to change the way you work.

The workplace is changing

- As more tasks move toward individual work in a place of the individual's choice, central offices are becoming hubs for communication.
- As office documents become more digitized and the volume of data increases, centralized management and better access to documents is vital.
- As business data leaks and hacking become more commonplace, the need for security is increasingly critical.

bizhub i-Series is the solution

- With simple operability and high-quality performance, bizhub i-Series allows people to complete tasks efficiently and effectively from anywhere.
- With integrated cloud services that offer the right processes at the right time, bizhub i-Series builds more convenient workflows for everyone.
- With next generation security technology built in, bizhub i-Series provides a reliably safe environment for your business.

i-SERIES IS SIMPLE AND SECURE RETHINK IT

We've simplified, secured and enhanced what technology can do for your business.

Key benefits

- Stay in control of your information
- Protect your data and stop virus threats
- Security visibility, implementation and continuity
- The peace of mind to focus on core activities

Intelligent simplicity

With a large touchscreen operation panel, smartphone style user interface, voice control and a display that users can customise with apps from Konica Minolta Marketplace, i-Series is intelligently simple.

It also links seamlessly with Workplace Go and Workplace Hub – our edge computing platform that puts all your IT in one place.

Next generation security

The next generation bizhub i-Series comes with the highest security standards built in. The i-Series is ready for General Data Protection Regulation (GDPR), with remote backup and offers end-point security.

With our bizhub SECURE services, we tailor the security settings to your needs, so your data is fully protected. And with integrated anti-virus software, it ensures no virus can harm your business.

i-SERIES IS INTUITIVE RETHINK IT

Inspired by the way people interact with tech, we've completely redesigned the user experience.

Designed for people

The stylish new bizhub i-Series looks at home into today's office environment, with contemporary touches like a floating operation panel, rounded edges and LED status indicators.

With a 24° to 90° tilt angle, the large 10.1" tablet style touch panel provides convenient operation for all users, especially those in a wheelchair.

Putting users first

The new i-Series offers a market leading and intuitive smartphone style experience.

In fact, the user experience is so familiar there's practically no learning curve and users can customize* their screen in the same way as their mobile device.

Most used functions have an identical list-view and are directly visible without scrolling or searching. And as both our A3 and A4 models operate in precisely the same way, users can be more productive whichever they're working with.

*Available from January 2020.

The waiting is over

To boost workflow and cut out waiting time, the new i-Series is our fastest ever range. In fact, thanks to its brand new 4 Core CPU, it's four times quicker than our previous bizhub C368 model.

The new controller integrates all processes and distributes tasks more effectively within the Central Processing Unit. As a result, the user experience is smoother and quicker and there is no waiting time while operating i-Series.

Connect with voice

For easier operation and enhanced accessibility, users can also operate and even learn from the i-Series with their voice, in the same familiar way as their smartphone. It also gives access to blind people, who can autonomously handle their copy and scan jobs, without touching the device.

i-SERIES IS UNLIMITED POSSIBILITIES

RETHINK IT

ENHANCED EFFICIENCY AND PRODUCTIVITY

To extend the workflow capabilities of the bizhub i-Series, and boost flexibility within your office, we developed Dispatcher Suite Solution.

To maximize productivity, i-Series eliminates repetitive tasks, cuts costs and reduces manual and human errors.

Dispatcher Paragon

Increase productivity and flexibility while reducing printing and copying costs.

It also offers sophisticated enterprise print management capabilities, including secure and central control for your entire print environment.

| | |
|--------------------|-------------------|
| Authentication | Reporting |
| Print Roaming® | Rule-based Engine |
| Credit and Billing | Mobile Print |

Dispatcher Phoenix

Our advanced process automation solution, streamlines the handling of all document-processing tasks. This simplifies daily office routines to boost efficiency thanks to predefined workflow templates and customizable scan workflows.

It also facilitates the easy distribution of documents by scanning to SharePoint and Dropbox or to popular systems like Box, Google Drive, Microsoft OneDrive, and OneDrive for Business.

Advanced workflows

- Metadata scripting
- File conversion to PDF, MS Office, PS
- Metadata to File
- Metadata Route
- Annotate
- PDF Data extraction
- Watermark

Distribution

- Dropbox
- Box
- OneDrive
- OneDrive for Business
- WebDAV
- Sharepoint Online
- Sharepoint
- Output Folder
- FTP

MAKE TIME FOR YOUR CORE BUSINESS

Now you can make your business devices more powerful by simply adding new capabilities. The Konica Minolta MarketPlace gives you the freedom to personalize your bizhub in the same way as your smartphone*. The available apps bridge unproductive gaps between work processes to give you more time to focus on core tasks.

Key benefits

- Add and remove functions from the panel to match your bizhub with your workstyle
- Streamline your daily office routines
- Boost team productivity

Streamline office routines

Browse the Konica Minolta MarketPlace for new applications that serve your business needs. Then simply add them to all your devices – however large your fleet.

Updates are also deployed directly to your devices without cost-intensive maintenance. And as these apps run directly on your devices, you don't need to invest in additional infrastructure.

Konica Minolta's bizhub multifunctionals provide a broad range of capabilities that serve all your needs. To minimise the time spent using your bizhub, simply change the control panel to meet your preferences. And because the user operation of any model is completely customizable, there's no need for special training.

*Available from January 2020.

i-SERIES IS SAFER RETHINK IT

ALWAYS SAFE. ALWAYS IN CONTROL.

Having complete protection against virus threats gives you the peace of mind to focus on other tasks. So to protect your data, the optional BitDefender anti-virus engine automatically scans all transmitted and received data – in real time. You can also run on-demand or scheduled scanning of your data, to make sure you stay protected.

- * Data inside the MFD is checked manually or scheduled
- Optional BitDefender scans transmitted and received data to protect the i-Series

75% of companies said they had experienced disaster recovery failures, resulting in the loss of critical applications and files. Yet 60% don't have a full-scale data recovery plan.

TOTAL CARE BY BIZHUB SECURE

With bizhub SECURE services, we've made sure your business is fully protected by providing security tailored to your needs. Continuous security gives you one less thing to worry about. And because our team configures everything for you, you'll save time too.

Safe and SECURE

- bizhub SECURE protects the data inside the memory of your i-Series
- bizhub SECURE Platinum secures your devices' network settings
- BitDefender anti-virus engine defends you from the threat of viruses
- bizhub SECURE Notifier App ensures the right settings are implemented and remain unchanged

i-SERIES IS SMARTER RETHINK IT

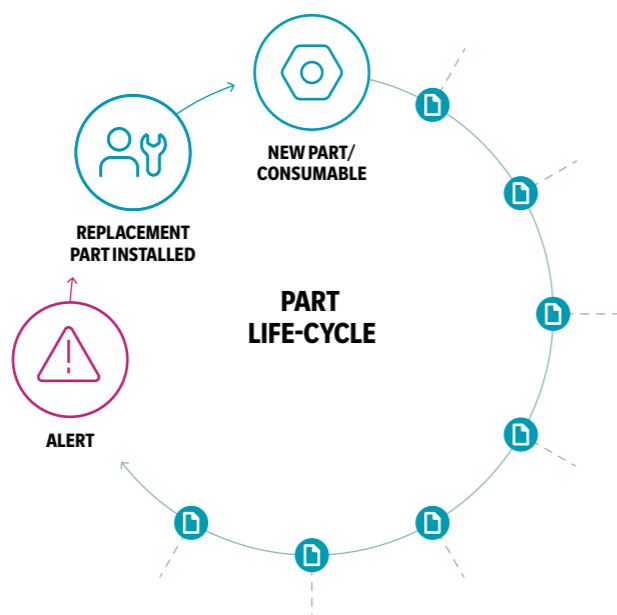

REDUCED DOWNTIME. ALL THE TIME.

Features this advanced don't come from merely improving technology. To make bizhub i-Series work with everything you do, we set out to rethink everything we do.

Konica Minolta Worldwide Remote Service Platform provides a trouble-free experience and minimum downtime.

To ensure continuous and full use, i-Series intelligently collects data for self-diagnostic and remote maintenance and even predicts the optimum replacement time for parts and consumables.

It also uploads the latest firmware, in real or scheduled time. So users know they're always working with up-to-date technology.

b --- Data collected for part/consumable replacement predictions

EMBRACE THE WORKPLACE OF THE FUTURE

bizhub is the touch point for your business and information processing world.

Both the A4 and A3 models are inspired by the same contemporary design and connected technology of our edge IoT platform, **Workplace Hub**. And as both work in the same intelligently simple way, there's no need to waste valuable resources on training your staff.

So as your business grows, we will grow with you – seamlessly linking people and places to give a new dimension to document workflow and security management.
